

• It is a location of Piazza Santo Stefano. In the middle of the small village, where was built also a convent, was crossed from a path that made it possible to reach the "Via Reggina" near the Lake without take the dangerous Valley of Breggia.

• The Man's Cross is a lovely place from where you can enjoy a beautiful view. From here the trail winds up plunging into nature and reaches the border with Switzerland. Urtili the middle of the 20th century it was used by smugglers from which it takes its name.

• In this location there is still the former barracks of the customs police. The building was part of a system of control created to hinder smuggling and it was finished in 1905 by the firm Doti Giovanni. Today is a king of the building after years of neglect.

• Traditional site that, in the fourteenth century, shepherds who used Bisbino for pasturing their sheep flattened the top and built a shelter from bears and bad weather, and a small chapel dedicated to Our Lady of Bisbino.

• Ca' Bossi (m. 1188) is the main junction of the first trail of Alta Via dei Monti Lariani, a route that runs for 125 km from Cernobbio through the mountains of the western shore of the lake up to Sorico. The first step relates the Bisbino with San Fedele Intelvi

• After Rovera, climbing the path towards the Bisbino in Alpe Scarone (m. 985), there is the Fox Hole, a wide cavern with lakes and underground waterways. In this cavern there are streams many of them run down to the lake.

• In Rovera start the "Sentee di Sorio", a path that leads to Adirasio covered thanks to the work of so many volunteers. It's an amazing journey where you can meet evidences of ancient rural life in our territory with many findings features.

• A rather special green spot in Cernobbio is the Garden Valley along the banks of the Garrovo stream, which until thirty years ago were covered by undergrowth and waste. The patient work of Nonna Puppa enabled this valley to be into a flower garden.

10 The ancient Olzino

6 Man's Cross and smuggler's trail

8 Piazzola

7 Mount Bisbino's Peak

9 Ca' Bossi

5 The Fox Hole

7 Exploring the rural civilization

3 Giardino della Valle

1 Villa Erba's garden

• Trees, manicured hedges, lush gardens a trickle of water, 100 thousand square meters of grass: this is the garden of Villa Erba, surrounding the villa and Congress Centre. Next to park there is also the ancient Salopio, a genuine green space of the network Grandi Giardini Italiani.

Cernobbio, a place surrounded by nature

CERNOBBIO, BETWEEN THE LAKE AND THE MOUNTAIN
Cernobbio is an ideal resort for the hiking and mountain bike lovers. As a matter of fact, many fine paths start from Cernobbio. They lead up to the top of Mount Bisbino and then go on along the so-called "Via dei Monti Lariani", a route that runs for 125 km from Cernobbio through the mountains of the western shore of the lake up to Sorico. These tracks are well-signalized and afford breathtaking views. There are many opportunities to stay fit also in the center with the fitness trail and the different parks and gardens, some of which have directly on the lake.
